SUMMARY

Computer Science undergraduate focused on Software Engineering, Full Stack Development, Backend Development, and Forward Deployed Engineering. Skilled in building responsive and scalable web applications using modern software technologies, with a strong foundation in programming, databases, APIs, and system design. AWS Certified AI Practitioner with knowledge of cloud and AI fundamentals. Eager to contribute to real-world engineering challenges, learn continuously, and grow in a collaborative engineering environment

TECHNICAL SKILLS

- Programming Languages: C++,JavaScript, SQL
- Frontend: HTML, CSS, React.js, Next.js, Tailwind CSS
- Backend: Node.js, Express.js
- Databases: MySQL, MongoDB, Supabase
- AI & Data Science: Machine Learning, Data Science, Digital Image Processing
- Tools: Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

1. GrowVeda: AI-Powered Intelligent Plant Care Platform

- Technologies: Next.js, React, Node.js, Supabase, Tailwind CSS
- Developed a full-stack plant care platform for monitoring and managing plant health and care routines.
- Implemented plant disease detection, personalized care recommendations, and weather-based irrigation suggestions.
- Built secure user authentication and an interactive dashboard for managing plant information.
- Designed a responsive and modern UI focused on usability and an engaging user experience.

2.Deepfake Audio Detection

- Technologies: Python, CNN, MFCC, Mel-Spectrogram, Audio Processing, Deep Learning
- Developed a deep learning-based system to detect AI-generated and manipulated audio.
- Extracted MFCC and Mel-spectrogram features from audio samples for speech representation.
- Designed and trained a 4-layer CNN to classify audio samples as real or deepfake.
- Applied audio preprocessing and feature extraction techniques to improve classification performance.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science
DEPSTAR, CHARUSAT University
Expected Graduation: 2028
CGPA: 7.72

CERTIFICATES

- AWS Certified AI Practitioner — Amazon Web Services
- Core Java Specialization
- Data Visualization with Python
- Software Engineering Specialization

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- AIU National-Level Yoga Athlete & Multiple Competition Winner – Represented CHARUSAT University at the All India University Yoga Championship; winner of multiple yoga competitions.
- CHARUSAT Media Crew (CMC) – Contributed to media coverage, photography, and event documentation for university events.
- Participated in technical workshops and university events.
